MEMORANDUM FOR: Security Branch/OSA

SUBJECT : [REDACTED]

Subject individual is the secretary of [REDACTED] and was the secretary of his predecessor. [REDACTED] As I recall, [REDACTED] had never been cleared; however, she is going to resign outright. [REDACTED] is now interviewing a replacement. Since all of our unusual cases are processed through [REDACTED] the question comes up as to whether the replacement should have a clearance and briefing. It is [REDACTED] feeling that in the working situation, the individual has a relatively broad exposure to our unusual cases. This has not been checked out with Colonel Geary; however, I would appreciate having your suggestions along clearance and briefing lines passed on to [REDACTED] via Colonel Geary's office.
